University of Cologne

University of Cologne
Bharati Vidyapeeth
University, Pune (India)

field observation and measurements –
citizen science networks for urban
climatology – data analysis – evaluation –
communication – environmental law

Chair persons:

Prof. Christina Bogner
Prof. Kirk Junker
Prof. Shamita Kumar
Prof. Karl Schneider

“Problem solving competences will be developed based upon systematic observations (protocol driven) and data oriented integrative analyses.

Application:

Send a 1-page motivation letter and CV (in English) to:
Dr. Hannes Laermanns,
IMES Manager
h.Laermanns@uni-koeln.de

A focus on urban issues (climate change, ecosystem services, participation change management, environmental law and policies) provides a coherent interdisciplinary scope.”
